PHYSICAL CONDITIONS ASSESSMENT – HERITAGE PARK RFP

General Information

The Authority, a public body corporate and politic, organized under the laws of the State of North Carolina, a “public housing agency” as defined in the U. S. Housing Act of 1937, was organized in 1938 with the mission of providing safe, quality, affordable housing to low and moderate income families in the greater Raleigh community; and to promote responsibility and self-sufficiency of residents while maintaining the fiscal integrity of the agency.

Introduction

The RHA is seeking proposals from consultants for the completion of a Physical Needs Assessments (PNA) for Heritage Park, to determine obsolescence based on HUD’s requirements as shown in Appendix 1.

Heritage Park, built in 1975 and 1978, is a 122 unit complex consisting of twenty-two dwelling structures and one non-dwelling structure spread across 11.61 acres in Raleigh, NC. It consists of 30 one-bedroom units, 44 two-bedroom units, 28 three-bedroom units, 12 four-bedroom units, and 8 five-bedroom units.

Scope of Work

1. Meet with RHA staff to discuss issues and concerns identified within the units and the buildings.
2. Prepare a Physical Needs Assessment report including the RS Means number, Item Description, Unit Cost and Total Cost. The report should not include a cost inflation factor.
3. The Physical Assessment report should include:
 - A detailed list of specific work items that require rehabilitation or repair within 3 years or less. This should be an analysis of what existing items, within the building, need to be repaired or replaced immediately to keep it going.
 - The cost of the repairs and/or replacements using the RS Means Cost Index.
 - Only the cost to replace/repair an item. The cost to complete upgrades or install a non-existing item should not be included.
 - Any repairs and/or replacements within a 5’ perimeter around the building
 - The cost to bring property to local code IF triggered by substantial rehabilitation/repair.
 - Estimates based on the standards outlined in the most recent International Building Code (IBC) and National Fire Protection Association (NFPA) 5000 standards. PHAs may include local code requirements (i.e., fire codes; requirements for natural disasters such as flooding or wildfires); Accessibility improvements for persons with mobility, vision, hearing, or other impairments if triggered by substantial rehabilitation.
 - Imminent health and/or safety issues even if such costs are otherwise not eligible provided the PHA provides supporting documentation from an independent party evidencing the occurrence and resulting health and/or safety risks The R.S. Means Cost-Index will be used to determine the cost of the needed repairs.
 - Mitigation costs of asbestos, lead-based paint, or other environmental issues. These must be supported by test results and/or reports. RHA will provide the contractor with asbestos and LBP reports previously completed.

4. Provide pictures, reports and evidence of local code requirements to document the needed repairs/replacements and any structural or environmental issues with the building.

Deliveries Timeframes/Milestones

Physical Needs Assessment – Draft Version	Within forty-five (45) days after the effective date of the Notice To Proceed (NTP)
Physical Needs Assessment – Final Version	Within fourteen (14) days after receipt of comments on the “Draft Version” of the PNA

Submittals:

Proposals should be submitted in the following format, with Tabs separating each section:

1. Letter of Transmittal. A transmittal letter signed by the Contractor authorized to submit the proposal and to make commitments on behalf of the company.

2. Table of Contents. A table of contents shall be provided that lists each section of the proposal.

3. Organization History. Give a brief description of the firm and its history.

4. Qualifications. A description of the firm’s qualifications to perform the PNA as it relates to obsolescence.

5. Experience. Provide a list of the organizations for which the Contractor has performed relevant work, going back at least 5 years. Particular emphasis should be on contracts with public housing agencies and performance of physical needs assessments conducted for the purpose of determining obsolescence for properties of similar character to Heritage Park.

6. Staffing. Provide a list of staff members who will work on this contract, including principals and staff-level personnel, along with qualifications of each.

7. Evaluation Criteria. Provide information addressing each of the evaluation criteria.

8. Pricing. Include the total cost for providing the services covered by this RFP. Show each staff member, hours proposed, and hourly rates. Also show material and other costs, including travel, general, administrative, overhead, and profit.

9. References. Provide a list of clients, including the organization name, contact person, telephone number, and address as well as brief descriptions of the scope of work. Information provided for at least four similar PNAs related to obsolescence completed within the last five years.

10. Section 3 and WMBE. The consultant must provide documentation regarding any claimed status as a Section 3 business or Women-Owned or Minority-Owned Business Enterprise.

11. Insurance. The selected consultant will be required to provide a certificate of insurance certifying that they have insurance coverage that will cover their employees while on RHA property and will protect the RHA from liability for the actions of their employees. The insurance coverage should include Commercial General Liability with a combined single limit for bodily injury and property damage of not

less than \$1,000,000 per occurrence (with an aggregate of no less than \$2,000,000) and Automobile Liability on owned and non-owned motor vehicles used on site for a combined single limit for bodily injury and property damage of not less than \$1,000,000. RHA should be included as an additional insured on both types of coverage.

Proposals that are incomplete with respect to the requirements listed above may be considered unresponsive and may be disqualified at RHA's discretion. The RHA reserves the right to request additional information from any and all firms, to waive any informality in the procurement process, and to decline to award a contract to any and all firms, regardless of the responsiveness of the firms' proposals.

(DOT/DORC) (HUD-52190) (4/2018) (or previous versions) until the PHA evidences compliance.

4) Demolition.

A. Justification Criteria. HUD reviews demolition requests in accordance with the following criteria:⁶

1. Physical Condition: 24 CFR 970.15(b)(1)(i) and (b)(2). PHAs must demonstrate substantial physical issues of the buildings/units (i.e., critical structural issues, deficiencies in major systems, deterioration due to prolonged deferred maintenance) that cannot be corrected in a cost-effective manner. PHAs may submit Physical Needs Assessments (PNAs), government inspections (including condemnation orders), and/or independent architect or engineer's reports as supporting documentation.⁷ HUD may consider other available information, including REAC scores; Capital Fund Program Five Year Action Plans, Energy Performance Contracting (EPC) information; and/or on-site inspections by HUD staff. To support a certification of physical obsolescence and cost-ineffectiveness, the PHA submits form HUD-52860-A (4/2018) and HUD-52860-B (4/2018), along with a list of specific and detailed work-items that require rehabilitation or repair, preferably prepared by an outside engineer or architect, in two components: scope of work and cost-estimates. The following generally applies to the scope of work:

- a. Estimates based on the standards outlined in the most recent International Building Code (IBC) and National Fire Protection Association (NFPA) 5000 standards. PHAs may include local code requirements (i.e., fire codes; requirements for natural disasters such as flooding or wildfires);
- b. Building systems (e.g., HVAC, plumbing, electric), external amenities (e.g., roofs, doors, windows), and internal amenities (e.g., kitchens, bathrooms, flooring) limited to those that address immediate capital needs for a maximum of three years. Replacement costs are restricted to the remaining useful life of an item for three years or less. Actual service life may depend on initial quality of the item, local environmental factors, use/abuse, and levels of routine maintenance. Age of an item alone is not evidence of need to repair or replace. Each item is individually estimated and may reference life cycle values per the R.S. Means Facilities Maintenance and Repair Cost Data book;
- c. Underground utilities (e.g., sewer, water, gas, electric), regardless of distances, provided the PHA owns the utility and evidences the need for replacement;
- d. Mitigation costs of asbestos, lead-based paint, or other environmental issues supported by reports submitted with the SAC application;

⁶ PHAs do not need demolition approval from HUD if PHAs are proposing to dispose of public housing units or other property before such property will be demolished (e.g., by a LIHTC acquiring entity). Instead, PHAs must comply with the disposition criteria in Section 3 of this notice.

⁷ In accordance with 24 CFR 905.314(g), PHAs are permitted to rehabilitate and address the capital needs of projects provided the rehabilitation costs do not exceed 90% of total development cost TDC. Accordingly, per 24 CFR 970.15(b)(2), if a project's rehabilitation costs are between 57.14% (or 62.5% if elevator) and 90% of TDC, the PHA may either voluntarily pursue a demolition or disposition action for the project or may rehabilitate the project with Capital Funds. However, if rehabilitation costs for a project exceed 90% of TDC, the PHA's only choice is to pursue a demolition or disposition or use funds other than Capital Funds to address the project's capital needs.

- e. Structural defects when supported by reports from a licensed professional engineer;
- f. Accessibility improvements for persons with mobility, vision, hearing or other impairments, provided improvements are consistent with standards, regulations, and other requirements under Section 504 of the Rehabilitation Act of 1973 (including the Uniform Federal Accessibility Standards (UFAS)), Fair Housing Act, Americans with Disabilities Act, other applicable federal authorities, state or local requirements that exceed federal baseline requirements, and accessibility requirements in remedial agreements or orders;
- g. Imminent health and/or safety issues even if such costs are otherwise not eligible provided the PHA provides supporting documentation from an independent party evidencing the occurrence and resulting health and/or safety risks.

HUD reserves the right to disallow items in a scope of work if HUD determines there are more cost-effective alternatives to address the rehabilitation or replacement needs. If PHAs complete major capital work after the scope of work is prepared, the PHA must include a description of that work in the SAC application. HUD generally does not allow the following costs to be included in a rehabilitation scope of work:

- a. Work associated with enhancements or improvements of working systems or fixtures at the project (including energy efficiency “green” improvements);
- b. Amenities not currently existing at the project (e.g., solar panels; tank-less water heaters; trash enclosures, washer/dryer hook-ups; garbage disposals; central air-conditioning; addition of new porches);
- c. Work items that address a project’s needs beyond three years;
- d. Local code compliance if the building code requirements are otherwise not triggered by the rehabilitation/repair;
- e. Landscaping or other site work beyond five feet of the exterior walls of a building;
- f. Upgrading utility lines that are otherwise in working condition;
- g. Work items associated with site improvements and appurtenances (e.g., parking lots, security cameras, playgrounds, community centers), even if those site improvements or appurtenances exist and need of repairs; and
- h. Replacing PHA personal property (e.g., replacing appliances or other removable fixtures such as refrigerators, ovens, and window treatments).

The following generally applies to cost-estimates of the eligible scope of work items:

- a. Total development costs (TDC) comparisons per HUD-posted costs for the year the rehabilitation estimate is made. See 24 CFR 905.314.
- b. R.S. Means cost index, Marshall and Swift cost index, or other accurate and reliable cost-estimates (e.g., actual and competitive bids).
- c. Hard construction costs (HCC) as defined in 24 CFR part 905 (including existing items inside a building or within five feet of the exterior walls; and costs to repair landscaping damaged due to rehabilitation).

PHAs may not include additional costs attributable to inflation or “cost escalation.” For example, if a PNA completed in 2017 indicates a roof replacement is necessary in 2019,

the PHA must use current estimated costs without any escalation, cost adjustments or other means of adjusting for inflation for work projected to be undertaken/completed in 2019. Instead, the PHA uses 2017 cost-index information.

The following fees are maximum amounts for soft costs associated with public housing rehabilitation.⁸ PHAs may flexibly determine costs for each item provided the total cost does not exceed the maximum. Percentages are based on hard construction and will vary based on the project size:

- a. Construction contingency: 7.5 percent
- b. Architectural/Engineer's design and construction monitoring fees: 5.5 percent
- c. Profit and overhead fees for specialty sub-contractor (e.g. HVAC, Electric, Plumbing, Elevator): 10 percent
- d. General Condition fees (e.g. Permit, Insurance, Bonds): 5 percent
- e. PHA administrative costs: 2 percent

2. Location: 24 CFR 970.15(b)(1)(ii) and (b)(2). PHA demonstrates the location of the units causes obsolescence, including physical deterioration of the neighborhood; change in neighborhood from residential to industrial or commercial; or environmental conditions of the site, a portion of the site, or the housing jeopardize the residential use. The cost-test for obsolescence based on location includes the PHA's cost to cure the obsolescence (e.g., buffering nearby industrial or commercial development; mitigating environmental conditions) and whether these costs exceed applicable TDC percentages. In some cases, there may be no way to cure the obsolescence, regardless of cost (e.g., project is in a Federal Emergency Management Agency (FEMA) designated floodway). In other cases, the obsolescence may be curable with a mitigation cost (e.g., flood-proofing and FEMA-insurance for designated floodplains).

3. Other Factors: 24 CFR 970.15(b)(1)(iii) and (b)(2). PHA demonstrates factors impacting the marketability, usefulness, or management of the units that seriously impede operations for residential use supported by third party documentation. The cost-test for obsolescence based on other factors includes the PHA's cost to cure the cause and whether these costs exceed applicable TDC percentages. In some cases, curing the obsolescence is not possible regardless of costs. In cases where the obsolescence may be curable, include the PHA's cost of due diligence in marketing and to cure obsolete factors (e.g., cost to add a second bathroom to units with a high number of bedrooms).

B. De Minimis Demolition. In any 5-year period, a PHA may demolish the lesser of 5 dwelling units or 5 percent of the total public housing dwelling units without the need to obtain HUD approval under 24 CFR part 970, provided the resulting space is used to meet the service or other needs of the residents or the PHA determines the unit(s) are beyond repair. Demolition criteria of 970.15 does not apply to de minimis demolitions. Prior to demolishing units under this authority, the PHA must submit information to HUD via IMS/PIC, including a description of the proposed units and other items required by 24 CFR 970.7(a)(1), (2), (12), (13), and (14).

⁸ HUD may consider higher percentages for soft costs for compelling reasons on a case-by-case basis.

and Urban Development
Office of Public and Indian Housing

1. Preparation of Offers

(a) Offerors are expected to examine the statement of work, the proposed contract terms and conditions, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the solicitation. The offeror shall sign the offer and print or type its name on the cover sheet and each continuation sheet on which it makes an entry. Erasures or other changes must be initialed by the person signing the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the HA.

(c) Offers for services other than those specified will not be considered.

2. Submission of Offers

(a) Offers and modifications thereof shall be submitted in sealed envelopes or packages (1) addressed to the office specified in the solicitation, and (2) showing the time specified for receipt, the solicitation number, and the name and address of the offeror.

(b) Telegraphic offers will not be considered unless authorized by the solicitation; however, offers may be modified by written or telegraphic notice.

(c) Facsimile offers, modifications or withdrawals will not be considered unless authorized by the solicitation.

3. Amendments to Solicitations

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) Offerors shall acknowledge receipt of any amendments to this solicitation by

- (1) signing and returning the amendment;
- (2) identifying the amendment number and date in the space provided for this purpose on the form for submitting an offer,
- (3) letter or telegram, or
- (4) facsimile, if facsimile offers are authorized in the solicitation. The HA/HUD must receive the acknowledgment by the time specified for receipt of offers.

4. Explanation to Prospective Offerors

Any prospective offeror desiring an explanation or interpretation of the solicitation, statement of work, etc., must request it in writing soon enough to allow a reply to reach all prospective offerors before the submission of their offers. Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

(3) No attempt has been made or will be made by the bidder/offeror to induce any other concern to submit or not to submit a bid/offer for the purpose of restricting competition.

(b) Each signature on the bid/offer is considered to be a certification by the signatory that the signatory:
